IT WILL BE FRUITFUL.

The services at the Cathedral were largely attended last night. Every conceivable place in the church was occupied, the pews, aisles, galleries, communion railing and vestibule, all were thronged. Rev. Father Stanton delivered a very eloquent and solid sermon on "Hell." Rev. Father O'Kane explained in a clear and forcible manner the nature of true contrition. If the men's mission will be as well attended, the Jesuit Fathers' visit to Wheeling will indeed have been very fruitful.

RELiance LODGE, A. O. U. W.

Last evening Reliance Lodge, No. 18, had a social time at the A. O. U. W. temple, corner of Twelfth and Market streets. A fine luncheon was served after the rendition of a programme consisting of short addresses, music, etc. Quite a number of members of sister lodges were present, and a general good time was had. No trouble or expense was spared to entertain the guests, and those in attendance were highly pleased with the hospitality of the members of Reliance lodge.

For Highway Robbery.

Jack Forsythe, well known in police circles, was committed to jail yesterday by Squire Fitzpatrick to await the forwarding of the requisition papers necessary for his transportation to Guernsey county, Ohio, where he will answer to the charge of highway robbery preferred by George Cole, who alleges that Forsythe knocked him down and relieved him of \$41 on October 1. The Cambridge, Ohio, chief of police came here for Forsythe yesterday and the latter refusing to go across the river, he was charged with being a fugitive from justice, which landed him in jail.

## HE OBJECTED.

Mr. C. H. Wheeler Questions the Labor Commissioner's Authority.

WILL ANSWER TO IT IN COURT.

COMMISSIONER BARTON'S TOUR OF FACTORY INSPECTION, WAS NOT SHOWED WITH CORDIALITY BY MR. WHEELER AT HIS TAILORING ESTABLISHMENT YESTERDAY, SO THE LAW OF THE LAND HAS BEEN INVOKED.

State commissioner of labor, Isaac V. Barton struck a snag yesterday, while on his tour of factory inspection in this city. Mr. C. H. Wheeler, of the tailoring firm of Wheeler & Son, Market street, refused to answer the questions put to him by Mr. Barton, also refusing to permit him to inspect the premises, and as a result the labor commissioner will invoke the aid of the law.

One of Mr. Barton's duties is that of inspecting all places where labor is employed, with a view of ascertaining the sanitary conditions that prevail. The employees are questioned as to the number of employees and how many of either sex. The employer is also asked how many months of the year his factory or shop is operated. These questions comprise all that are asked. Among the places visited are tailor shops.

When Mr. Wheeler objected to this procedure, Mr. Barton retired and had a warrant sworn out before Squire Rogers. The hearing was set for 7 o'clock last evening, and Mr. Wheeler appeared with his attorney, General Alfred Caldwell. Squire Rogers discovered that the case was a misdemeanor and did not come under his jurisdiction, so he turned it over to Prosecuting Attorney Meyer.

It is understood Mr. Wheeler's defense will be on the grounds that he didn't know Mr. Barton. It is probable though, that the case may not come to trial, but should it do so, it will be followed with interest, as it is the first of its nature ever occurring in this state.

### A NEW BURST.

Making 35 Barrels an hour—Should the Well hold up it Will Make New Work.

Late yesterday afternoon the Hill Oil Company shot their No. 1 on the Hill farm, at Elk Fork, with five quarts of glycerine and a report received from it about 8 o'clock last evening was to the effect that it made thirty-five barrels the first hour and was still holding up at that amount. This well is the one which declined to such an alarmed extent during last week and which caused so much consternation among producers. It seems that the well caved and shut the oil off which was the cause of the decline in the production. This well is located to the extreme west of the big well drilled in on the Pipes and Williams farm to the south of the original pool and is the only apparent outlet to this pool at the present time. Territory in that section has gone up 50 per cent last evening above what it had been for a week and a better feeling is manifested among the operators in all parts of the field.

Should the well hold up to its present production it will be the incentive to the commencement of a large amount of new work in that portion of the field.

A 100-BARREL OIL WELL.

Gasmire & Thompson's Cameron, Ohio. Well is Looming Up—Other Oil Well News.

In the Cameron, O., oil field Gasmire & Thompson brought in another 100-barrel well yesterday evening on the Groadhouse lease. This well is located southwest of the firm's No. 1 well, which is still holding up at 75 barrels a day. Gasmire & Thompson will begin two more rigs immediately on the same property.

The Orange Grove well, in the same field, located 1,200 feet west, is down about 800 feet.

The Crow well, owned by the Fisher Oil Company, is reported dry. A great deal of interest is taken in this well on account of its location, and will give the northwest side a black eye.

Capt. Peter Grace has abandoned his well on the Atkinson lease and will move the derrick over on Paine's run and drill a well on the Ward farm.

The Cameron field is now pretty well defined and shows that it runs northeast and southwest, lying similar to the Benwood pool, and may extend a considerable distance.
